

WHO AM I?

ASSIGNMENT STUDY CHOICE CHECK

A conscious study choice increases your chances of being successful in your studies. We therefore think it is important that you make a conscious choice of study and would like to help you do so. We are curious about who you are and why you did chosen the study. Besides that, we already want to get to know you so we can coach you as good as possible from the start of your study.

Try to make the assignment as complete as possible. Good luck!

Be aware! Make sure that you save this PDF-document on your own computer before filling in. Save the document again as a PDF-file on your own computer (change filename in: first name second name - Who am I) and hand it in via the digital environment.

PERSONAL INFORMATION

Name Rosa Alexandra Marques Pereira

Age 28 year 2023

Pre-education and subjects followed

during previous education 12^o high school - Sciences and technologies

MOTIVATE YOUR STUDY CHOICE

Why did you choose this study programme? Explain your choice in at least 3 sentences.

I chose this study programme because it aligns perfectly with my career interests. The university's exceptional research opportunities and state-of-the-art facilities will provide me with an enriching learning experience. Furthermore, the diverse and vibrant campus community will offer a stimulating environment for personal and intellectual growth throughout my university journey.

AFTER COMPLETING THE STUDY...

What do you want to do after graduating? What profession or position are you interested in? Why? What do you expect to learn during the study?

After graduating, I'm excited to dive into the world of technology and innovation. My goal is to leverage the knowledge and skills I gain from this ICT course to contribute to groundbreaking advancements in the field. Whether it's developing cutting-edge software, exploring artificial intelligence, or creating innovative solutions, I'm eager to make a positive impact and shape the future of technology.

PERSONAL SWOT-ANALYSIS

By making a SWOT-analysis, you analyze your personal strengths and weaknesses and make an inventory of the opportunities and threats you expect in your studies. Explain each quadrant. Need help? Watch this video.

<p>Strengths What do you do best? What are your positive traits? My best qualities include being a keen listener and empathetic friend. My years of life experience have cultivated a strong sense of determination, allowing me to balance academics and personal pursuits effectively.</p> <p>Opportunities How can you turn your strengths / weaknesses into opportunities? I will build connections and nurturing a sense of community to create study groups and collaborative projects.</p>	<p>Weaknesses What personality traits may be holding you back in your studies / career? Aiming for excellence is important, but I understand that's crucial to find a balance and not let the fear of imperfection slow down my progress.</p> <p>Threats What obstacles do you face to succeed as a student? Could any of your weaknesses prevent you from succeeding in your studies / career? My main challenges will be ballancing both work and study simultaneously, also being far from my family. But with this I will refine my time management, as well as develop independence and resilience.</p>

EXTRA-CURRICULAR ACTIVITIES (e.g. student job and leisure)

Do you work/are you planning to work alongside your studies? What do you do in your spare time? How do you think you can combine this with studying?

As a creative person I love all types and forms of art. I also find immense joy exploring nature.

STUDY CHOICE ACTIVITIES

What initiatives did you take to make your study choice?

In the recent years I have been exploring the world of ICT on my own, and that's why I've decided to join this program.

QUESTIONS

What questions do you have about your chosen study programme?
